OMAHA IS SWEEPED BY A TORNADO

Hundreds Killed and Injured

CYCLONES PLAY HAVOC IN SEVERAL STATES

Nebraska, Kansas, Iowa, Indiana and Illinois Suffer.

Chicago, March 24.—A terrific wind storm, causing widespread destruction and loss of life and practically wrecking the already demoralized telegraph service, raged over the Central West and Middle states. Reports from Nebraska, Kansas, Iowa and Indiana indicate heavy damage, but owing to the wrecking of the telegraph lines the reports are fragmentary and lacking in detail.

Omaha, Berlin, Ashland and Yutan, Neb.—the latter towns near Omaha—Marshalltown, Ackley, Woodbine and Carroll, Ia.; Terre Haute, Ind., and Abeline, Kan., are places from which scattering messages carrying the news of grave destruction have been received.

For more than four hours no word was received from the stricken city of Omaha. Late bulletins report that half the city was swept by a tornado.

All wires are down and Berlin, a neighboring town, was said to be in flames. The message was received over a long distance telephone wire which worked at intervals.

Terre Haute, Ind., suffered severely. Scores of persons were injured, an unknown number was overwhelmed in the ruins of houses blown down by the wind and many fires were started in different parts of the city.

First reports from Nebraska were that the towns visited by the storm had been wiped out and that the wreckage was on fire. Trains loaded with rescuers, nurses and physicians were struggling toward the scene, being compelled to feel their way, with-out running, owing to the paralysis of the telegraph service.

The loss of life and property in Iowa was less severe, according to messages from the storm district. Dust storms, rain, hail and tremendous electrical disturbances prevailed over Kansas and Nebraska.

Where railroad service was impossible motor cars were pressed into service and surgeons and supplies were rushed to the wrecked towns at the best possible speed over the washed out roads.

Railroad messages, relayed from point to point, carried a story of fifteen dead and many injured at Yutan, Neb.

THIRTY REPORTED KILLED AT OMAHA

Many Persons Injured and Much Damage Done.

Sioux City, Ia., March 24.—Between twenty-five and thirty persons were killed by a cyclone that struck Omaha, according to reports brought to Sioux City by passengers on a train that arrived. The list of injured is large.

A flood of rain was followed by a tornado which struck Dundee, one of the nicer residence parts of the city. Residences were taken from their foundations and twisted to pieces by the wind.

The Woodmen of the World building, the highest structure in the city, was damaged to a great extent, every piece of glass from two sides being blown out.

Twenty Killed in Nebraska. Lincoln, Neb., March 24.—A tornado, forming near Greenwood, swept over the eastern part of the state, resulting in the death of at least twenty persons, while ten more are missing and more than a hundred are injured.

Several Killed at Galesburg.

Chicago, March 24.—Several persons were reported killed and many injured at Galesburg, Ill., according to reports to the American Telephone and Telegraph company here.

Six Killed at Woodbine, Ia.

Woodbine, Ia., March 24.—A tornado struck here and six people were reported killed. Houses were unroofed and there was great property damage.

Pope's Vicar General Dies.

Rome, March 24.—Cardinal Respighi, the pope's vicar general, who had been ill for the past week or more, is dead. The pope, though 71 himself, was seriously concerned over the condition of the cardinal and sent his blessing on several occasions. Cardinal Respighi was sixty-nine years of age.

SORRY M'COMBS CANNOT ACCEPT

President Regrets Declination of French Berth.

WILSON ISSUES STATEMENT

Declares It is a Great Pity This Country Has to Ask Such Sacrifices of Those Who Are Invited to Serve It Abroad, Especially When Duties Are Yearly Becoming More Important.

Washington, March 24.—President Wilson reluctantly assented to the expressed determination of Chairman McCombs of the Democratic national committee to decline the proffered French ambassadorship.

In a statement expressing his high regard for Mr. McCombs the president declared that the diplomatic service of the United States is unnecessarily hampered by the fact that only men who have time and money to leave their business find themselves able to serve the government abroad. The president's statement follows:

"I am sorry, indeed, that Mr. McCombs cannot accept the appointment to France. I was particularly anxious that he should. My admiration for his abilities, my knowledge of his singular capacity for grasping complex situations, my confidence in his tact and resourcefulness, as well as my affection for him and the intimate relations that of course exist between us, combine to make my disappointment very great indeed. But I, of course, appreciate the force of the reasons he gives. He would have accepted at an unreasonable sacrifice and I could not further press the offer upon him.

Diplomatic Service Hampered.

"It is a great pity that the country has to ask such sacrifices of those who are invited to serve it abroad—a service which every year becomes more exacting and more important. The sacrifice of time, of means and of opportunity at home is very serious for any but men of large means and leisure and the diplomatic service is unnecessarily hampered."

Secretary of State Bryan is due back in Washington from his western trip on Wednesday. The president is expected to be ready to take up with him the appointment of men to at least five diplomatic posts which Washington observers regard as of the most pressing importance. Ambassadors to England, Mexico, Japan, Russia and a minister to China probably will be named within a short time.

The London and Mexican embassies have been looked upon as those which should be filled first because of the Panama free trade question with Great Britain and the troubled condition of Mexico. The announced policy of the administration toward China and its intention to keep close watch on the open door in China have brought the question of appointment of an ambassador to Tokio and a minister to Peking to the fore. The unsettled Russian passport question has made the selection of a representative to the czar's court much harder than it might ordinarily have proved to be.

EXTRA SESSION TO BE LONG

Currency and Other Matters Will Prevent Early Adjournment.

Washington, March 24.—Democrats expressed the view that the extra session of congress would be a prolonged affair. This was on the assumption that President Wilson would recommend to congress consideration of the currency question, as well as perhaps other matters of pressing importance in so far as their discussion would not interfere with the right of way for tariff revision. The president has indicated within the last day or two that he will urge other needed legislation when the tariff is out of the way. Consideration of currency and other questions might carry the session into the autumn.

NEW PARCEL POST STAMP

Smaller Design Will Save Government About \$50,000 a Year.

Washington, March 24.—The design of a new and smaller parcel post stamp to replace those now in use was approved by Postmaster General Burleson. Numerous complaints that the present stamp, all denominations of which are the same color, is hard to distinguish as to value and easily "raised," caused the change.

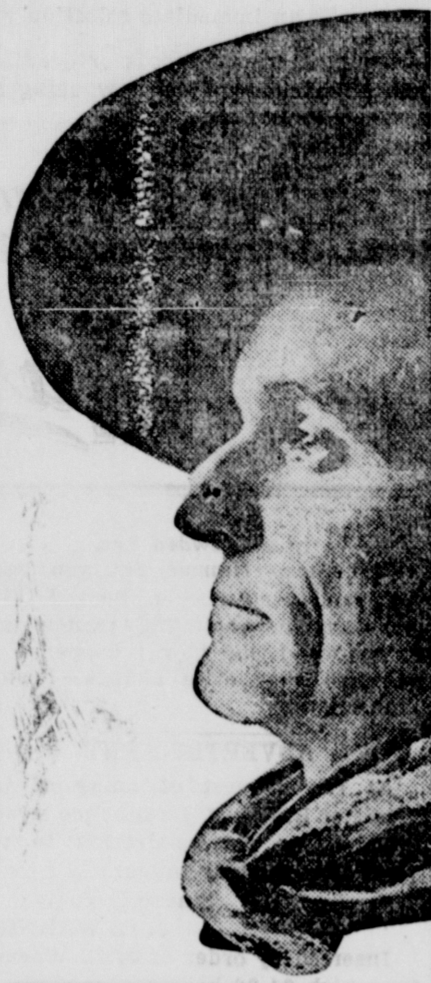

The new design will possess no artistic merit, but bear only a large numeral. The various denominations will be in different colors. Approximately \$50,000 yearly will be saved by the smaller stamps, it is estimated.

Plans Antarctic Expedition.

London, March 24.—Just before his departure for New York on the steamer Mauretania Sir Robert Shackleton announced that he intended to head a scientific expedition to the Antarctic.

MAYOR DAHLMAN.

Appeals for Soldiers to Prevent Looting at Omaha.

MAYOR ASKS FOR MILITIA

Omaha Executive Wants Troops to Prevent Looting.

Lincoln, Neb., March 24.—Mayor Dahlman of Omaha has asked the governor to call out the militia to prevent looting.

Yutan, sixteen miles north of Ashland, suffered the most of any city and ten people are missing at the place, while fifty more are injured. With the water works out of commission at that place a fire broke out and the entire place was threatened with destruction.

TERRIFIC TORNADO HITS TERRE HAUTE

Dozen Dead and Many Hurt in Indiana Town.

Terre Haute, Ind., March 24.—Loss of life and severe property damage was caused by a tornado, which wiped out the southern part of Terre Haute.

Seven bodies have been recovered. Scores were injured and property damage will reach into hundreds of thousands of dollars. All wires were blown down in the district affected. This prevented rescue work, although every available fireman and policeman was rushed to the stricken district.

It is expected the death list will be more than a dozen.

With no warning the terrific gale swept upon the district. Parts of the Root Glass company's plant were flattened. The end of the foundry room of the Gartland factory, a solid brick wall eighteen inches thick, was caved in. Brick and stone structures suffered alike.

Lightning set fire to many houses. Men, women and children were crushed to death in bed. Some escaped to the cellars. Whole structures were blown away by the force of the wind. The maimed were rushed to hospitals as fast as they were extricated.

Fifteen Killed at Yutan, Neb.

Kansas City, March 24.—Reports at the Union Pacific offices here, said to have come from Valley, a town within twenty miles of Yutan, placed the death list at Yutan at fifteen, with fifty injured. It was said the destruction of the town was complete by the tornado and the fire that afterwards swept it.

Several Killed at Craig, Neb.

Craig, Neb., March 24.—Several people were killed by a tornado here. Wires are all down and it is impossible to give details.

WILLIS MOORE QUILTS.

Washington, March 24.—Willis L. Moore, chief of the weather bureau, has resigned. Secretary Houston accepted his resignation, after a talk with President Wilson, to become effective July 31. Moore is a Democrat and was a candidate for appointment as secretary of agriculture.

EIGHTEEN HURT IN COLLISION

Crash Brought About by Brakeman Leaving Switch Open. Gallipolis, O., March 24.—Kanaawa and Michigan through passenger trains Numbers 2 and 5 collided head on at Kanauga Junction, four miles east of here. Eighteen persons were injured, none of them seriously. The injured were brought here to a hospital. Train No. 5 was on the track which a brakeman had left open. Both locomotives and several cars were demolished.

WILSON SEEKING A SECOND TERM?

Shrewd Observer Mentions Possibility.

EXPLAINS PRESIDENT'S ACTS

Executive's Selections For High Places Described as Evidence That He Is Seeking Most Powerful Interests In Politics—One Term Declaration In Platform Not Taken Seriously.

By ARTHUR W. DUNN.

Washington, March 24.—[Special.]—It is a little early to spring it, but I will quote a sentence from a shrewd political observer: "Woodrow Wilson is a candidate for a second term," he said. "Nearly every selection he has made and several selections he is to make show that he is reaching for the most powerful interests in politics, something I am convinced he would not do if he did not expect another term."

And why not? The fact that the platform declared for one term will not stand in the way. There are many things in that platform which will not be observed. It will be impossible for the party in power to take care of half its promulgations. And the one term declaration was away down toward the bottom.

Like the Six Year Term.

The one term party declaration is something like that one term of six years suggestion which occupied a lot of time and finally passed the senate. Just why there should be any declarations on the subject no one can tell. The people ought to be able to take care of all cases of second or third term seekers as they arise.

There is no real reason why the people should tie themselves up in advance. And so if they want Woodrow Wilson three years hence they will have him in spite of any one term declaration in the platform.

Taxing Salaries of Officials.

In framing an income tax the committees will be up against the question as to whether or not the incomes of government officials should be exempted. The last income tax exempted every federal and legislative official as well as all judges of the courts. This was done under the clause of the constitution which said that the pay of these officials could not be diminished during the terms for which they were elected. It was very far fetched, but it was enough. An exemption of incomes from government salaries while other people are taxed will not be a popular proceeding.

Want to Hang On.

The desire of Republican officers of the senate to hang on is one of the things that might be expected. Men do not like to let go of good positions, and congressional places are the best in the government service. Many of the senate employees have become very efficient, and only the pressure for place would induce the senators to relieve them and give their partisans the jobs. However, there will be quite a general change in the senate.

Newlands Has a Program.

It is the opinion of Senator Newlands that the senate should not go about its business in a haphazard, hit and miss style, but that it should have a well defined program and adhere to it. At the beginning of every session the Nevada senator proposes a program and talks about it, but the senate never adopts it. The senate is not very much inclined to prearranged programs.

Places For New Men.

The Democrats of the senate were much more liberal toward the new senators than the Republicans in the matter of committee assignments. Shafroth of Colorado was given a place on appropriations, agriculture and banking and currency; Thomas of Colorado was placed on finance, interstate commerce and interstate commerce; James of Kentucky and Hughes of New Jersey were assigned to finance; Shields of Tennessee and Walsh of Montana to judiciary; Hollis of New Hampshire to banking and currency; Robinson of Arkansas, Saulsbury of Delaware and Thompson of Kansas to interstate commerce; Ransdell of Louisiana, Shepard of Texas, Vardaman of Mississippi and Shields of Tennessee to commerce. These are among the leading committees of the senate.

Ill Health Berth.

The chairmanship of the naval affairs committee seems to be an ill health berth. Two years ago Senator Perkins of California was the ranking member of the appropriations committee, but he retired in favor of Warren and became chairman of naval affairs. He took the place voluntarily, while Senator Tillman fought for his seniority rights as long as there was a chance for him to succeed.

Don't Need Guardians.

It has already been demonstrated that the persons connected with the new administration do not need guardians. They have "caught on" to their new duties very quickly. The men in their offices and the women in social life all take their places quite naturally, and save for the fact that we see new faces in the places of honor no one would suppose there had been any change of administration.

Musical Note.

Musicalian (to his bride, who kisses him in the dark on the point of the nose)—An octave lower, my darling.

DUKE OF CONNAUGHT.

Governor General Sails From Halifax for Home.

LEAVE CANADA FOR ENGLAND

Governor General, Wife and Princess Patricia in Party.

Halifax, March 24.—The Duke of Connaught, governor general of Canada, accompanied by the Duchess and Princess Patricia of Connaught, sailed with their suite for England on the steamer Empress of Britain.

A special train brought them to this port, which had been selected for embarkation for the convenience of the duchess, who returned only a short time ago to Ottawa from Montreal, where she had been treated for peritonitis.

MINNEAPOLIS MANIAC KILLS WAR VETERAN

Slayer Captured After Search of Seven Hours.

Minneapolis, March 24.—Gus Gustavson, who made his home in a rooming house on Nicollet island, shot and instantly killed W. A. Darling, seventy-two-year-old veteran of the Civil war, and also attempted to shoot one of the policemen sent to arrest him.

He was caught after a man hunt lasting seven hours, in which fifty police in uniform, all of the detectives, the patrol wagon and a touring car had a part.

Gustavson was recently examined before Court Commissioner Bates of Hennepin county in insanity proceedings and was adjudged sane.

When the room of Gustavson was searched the police found a small armory. Among the property were two Krag-Jorgenson rifles of the magazine type, each capable of firing six shots, a Springfield rifle of an improved model, a box of ammunition, containing probably 150 cartridges, two keen bladed axes and three bayonets.

MIXED CANDY FATAL.

Winnipeg, March 24.—Following the eating of highly colored confectionery, commonly known as "mixed candy," three children of Hamilton Rodgers, a wealthy pioneer farmer of Kel-her, Sask., George, aged seven; Fred, five, and Charles, two, died.

ALLEN AND SON MUST DIE

Virginians, Convicted of Murder, Lose Appeal.

Washington, March 24.—With the refusal of United States Supreme Justice White to review the convictions of Floyd Allen and his son Claude the last hope of these men to escape the death penalty for shooting up the Hillsville (Va.) county courthouse is taken away. The supreme court was the last resort, Governor Mann having refused to interfere in any way.

Chief Justice White said that he had reviewed all the papers in the case submitted by Allen's lawyers and that no constitutional question was involved sufficiently to allow an appeal. He therefore refused the writ of habeas corpus that had been asked. The decision of Justice White means that the two men must suffer the death penalty next Friday at Richmond, Va.

Look Her at Her Word.

Harriet met Ethel one morning. "Do you know that every one is talking about the way you let Fred Mason kiss you on the lips yesterday?" "Well," replied Ethel, "I couldn't help it."

"Couldn't help it?" exclaimed Harriet in surprise. "What do you mean?"

"Well, I was just teasing off," explained Ethel, "and he asked me if he could have just one kiss. I yelled 'Fore!' and he took them."—Detroit Free Press.

RUSSIA ADVISES STATE TO YIELD

HAS SERVED FIFTEEN YEARS

Governor McGovern Pardons Apparently Innocent Man.

Madison, Wis., March 24.—After the man had served fifteen years for a murder he did not commit Governor McGovern has granted a conditional pardon to William M. Fuller, sentenced from Dane county in 1898 to serve a life term in Waupun for the murder of an aged couple at Black Earth.

The crime for which Fuller was sentenced was a brutal one, but from the evidence it appears that William Bestor, who was found guilty at the same time and who received the same sentence, was the instigator of the deed and the actual murderer, Bestor, has since died, but he made an affidavit that Fuller had no part in the murder. Fuller's father and mother are now aged folk in the Soldiers' home in Waupaca and it is one of the conditions of his pardon that he support them.

ATROCITIES IN THE BALKANS

Montenegrins and Servians Accused of Inhuman Acts.

London, March 24.—Telegrams received here from Cattero and Cetinje show that unrestrained savagery and barbarism continue in Albania and the Montenegrins still perpetrate inhuman atrocities.

In the village of Schasschare, near Uskup, Servian soldiers have committed indescribable cruelties on the women, all the boys and men having been sent away.

Similar crimes have been committed by Servian soldiers at Letinaca, which, like Schasschare, is inhabited solely by Albanian Catholics.

In Karasaghi 290 farms were burned by Mohammedan Albanians and all the males who did not flee at the time were shot down by soldiers in the villages. In all 238 men were slain.

FORMER ST. PAUL MAN DEAD

John Dean Browne Expires Suddenly in Hartford, Conn.

Hartford, Conn., March 24.—John Dean Browne, for thirty-three years president of the Connecticut Fire Insurance company, died suddenly at his home here of apoplexy, aged seventy-five.

In his early life he was a resident of St. Paul, Minn., and enlisted in the Second regiment, Minnesota volunteers at the outbreak of the Civil war. He had the honor of carrying the first electoral vote from Minnesota to Washington. It was for Abraham Lincoln.

MYSTERY IN FOUR DEATHS

Three Bodies Found in Cellar and One in Shed.

Glassboro, N. J., March 24.—Lying in the cellar of their ruined home the bodies of Lee Wharton, thirty-eight years old, his wife, Mary, thirty-two, and their six-year-old daughter Lillian were discovered after a mysterious fire which destroyed the little farmhouse about ten miles from here. The body of Johnson Hemphill, forty-two years old, a farmhand on a neighboring farm, was found in a shed behind the house with a load of shot through his heart.

Mystery surrounds the four deaths.

King George's Funeral March 30.

Athens, March 24.—The funeral of the late King George, it is officially announced, will take place March 30.

Urges Montenegro to Accede to Austrian Demands.

VIENNA ISSUES ULTIMATUM

Italy Takes Similar Action Regarding Civil Population of the Besieged City of Scutari Being Allowed to Leave, but Does Not Express Any Threat in Event of Refusal.

London, March 24.—Austria delivered at Cetinje a thinly veiled ultimatum to Montenegro threatening that if the civil population of Scutari were not allowed to leave the city the dual monarchy would take coercive measures for compliance with its wishes.

Italy took similar action, but without expressing any threat, and Russia, the friend of Montenegro, advised the Montenegrin government to accede to Austria's demand.

Austria is sending a steamer to Scutari, evidently expecting that this, her second request for the release of the civilians, will not be refused and has also made clear what she requires in connection with the other incidents of the dispute between the two countries.

In a previous note, which was couched in threatening terms, Austria also demanded that all Catholics and Mohammedans in Jakova and the surrounding district who have been converted, concealed since the Montenegro occupation, must be restored to their former faith.

Montenegro Denies Compulsion.

With a view to proving that the conversions in question were not attended by any compulsion Montenegro replied that she proposed to appoint a commission, on which, besides the Montenegrin members, there should also be one representative of Austria and another of Italy or some other great power.

Montenegro at the same time stated that she could not allow the sovereign right of Austria to be exercised in territory occupied by Montenegro. Austria refused to accept the answer to this note on the ground that it was not seemly.

In government circles here the conviction is expressed that Austria refused, not on account of the form of the reply, but because of its contents.

The official journal publishes a communication in which it is stated that the Catholics and Mohammedans of Ipek and Jakova expressed the wish to join the orthodox church, but were dissuaded by the Montenegrins, who advised them to exercise patience.

The movement spread, however, as the people were unable to understand why they should not return to the old faith, of which they had preserved the usages. When they repeated the demand their wish was granted.

Reason for Arresting Priest.

The priest Palic, the communication explains, was arrested for inciting the Albanians against Montenegro. He was being taken to Ipek for trial when he attempted to escape and was shot.

In the meantime the representatives of the powers at the Balkan capitals are busy submitting to the governments of the allies a note suggesting terms as a basis for peace. The note has not yet been presented to Turkey, as one of the ambassadors has failed to receive his instructions. The allies have been consulting with regard to the note and the public and press of the Balkan states do not receive the suggestions with any favor.

News from Montenegrin headquarters indicates that King Nicholas believes the fall of Scutari is imminent. He is in command of the combined Servian and Montenegrin army, numbering 52,000. From the same source it is reported that the city has already been partly destroyed, all the large buildings having been damaged. Famine prevails and it is reported that many Austrians and Italians have been killed.

WOULD LET BRITAIN DO IT

McAdoo Thinks American Iceberg Patrol Is Not Needed.

Washington, March 24.—The United States probably will not patrol the North Atlantic steamship lane for icebergs, in view of the action of the British board of trade and British steamship interests in sending the whaler Scotia for the patrol.

The New York maritime exchange strongly urges the treasury department to assign the revenue cutters to the work, but Secretary McAdoo thinks the British action sufficient.

ADMITS HE HAS DECLINED

Dr. Eliot Sent Refusal to Wilson Several Days Ago.

Cambridge, Mass., March 24.—Dr. Charles W. Eliot, president emeritus of Harvard, said it was true he had declined the post of ambassador to Great Britain.

While he would not give his reasons for declining he said it was not on account of his age, the condition of his health or financial considerations. Dr. Eliot's letter regretting his inability to serve was sent to President Wilson several days ago.

Executive's Selections For High Places Described as Evidence That He Is Seeking Most Powerful Interests in Politics—One Term Declaration in Platform Not Taken Seriously.

By ARTHUR W. DUNN.

Washington, March 24.—[Special.]—It is a little early to spring it, but I will quote a sentence from a shrewd political observer. "Woodrow Wilson is a candidate for a second term," he said. "Nearly every selection he has made and several selections he is to make show that he is reaching for the most powerful interests in politics, something I am convinced he would not do if he did not expect another term."

And why not? The fact that the platform declared for one term will not stand in the way. There are many things in that platform which will not be observed. It will be impossible for the party in power to take care of half its promulgations. And the one term declaration was away down toward the bottom.

Like the Six Year Term.

The one term party declaration is something like that one term of six years suggestion which occupied a lot of time and finally passed the senate. Just why there should be any declarations on the subject no one can tell. The people ought to be able to take care of all cases of second or third term seekers as they arise.

There is no real reason why the people should tie themselves up in advance. And so if they want Woodrow Wilson three years hence they will have him in spite of any one term declaration in the platform.

Taxing Salaries of Officials.

In framing an income tax the committees will be up against the question as to whether or not the incomes of government officials should be exempted. The last income tax exempted every federal and legislative official as well as all judges of the courts. This was done under the clause of the constitution which said that the pay of these officials could not be diminished during the terms for which they were elected. It was very far fetched, but it was enough. An exemption of incomes from government salaries while other people are taxed will not be a popular proceeding.

Want to Hang On.

The desire of Republican officers of the senate to hang on is one of the things that might be expected. Men do not like to let go of good positions, and congressional places are the best in the government service. Many of the senate employees have become very efficient, and only the pressure for place would induce the senators to relieve them and give their partisans the jobs. However, there will be quite a general change in the senate.

Newlands Has a Program.

It is the opinion of Senator Newlands that the senate should not go about its business in a haphazard, hit and miss style, but that it should have a well defined program and adhere to it. At the beginning of every session the Nevada senator proposes a program and talks about it, but the senate never adopts it. The senate is not very much inclined to prearranged programs.

Places For New Men.

The Democrats of the senate were much more liberal toward the new senators than the Republicans in the matter of committee assignments. Shafroth of Colorado was given a place on appropriations, agriculture and banking and currency; Thomas of Colorado was placed on finance, inter-oceanic canals and interstate commerce; James of Kentucky and Hughes of New Jersey were assigned to finance; Shields of Tennessee and Walsh of Montana to judiciary; Hollis of New Hampshire to banking and currency; Robinson of Arkansas, Saulsbury of Delaware and Thompson of Kansas to interstate commerce; Ransdell of Louisiana, Shepard of Texas, Vardaman of Mississippi and Shields of Tennessee to commerce. These are among the leading committees of the senate.

Ill Health Berth.

The chairmanship of the naval affairs committee seems to be an ill health berth. Two years ago Senator Perkins of California was the ranking member of the appropriations committee, but he retired in favor of Warren and became chairman of naval affairs. He took the place voluntarily, while Senator Tillman fought for his seniority rights as long as there was a chance for him to succeed.

Don't Need Guardians.

It has already been demonstrated that the persons connected with the new administration do not need guardians. They have "caught on" to their new duties very quickly. The men in their offices and the women in social life all take their places quite naturally, and save for the fact that we see new faces in the places of honor no one would suppose there had been any change of administration.

DUKE OF CONNAUGHT.

Governor General Sails From Halifax for Home.

LEAVE CANADA FOR ENGLAND

Governor General, Wife and Princess Patricia in Party.

Halifax, March 24.—The Duke of Connaught, governor general of Canada, accompanied by the Duchess and Princess Patricia of Connaught, sailed with their suite for England on the steamer Empress of Britain.

A special train brought them to this port, which had been selected for embarkation for the convenience of the duchess, who returned only a short time ago to Ottawa from Montreal, where she had been treated for peritonitis.

MINNEAPOLIS MANIAC KILLS WAR VETERAN

Slayer Captured After Search of Seven Hours.

Minneapolis, March 24.—Gus Gustavson, who made his home in a rooming house on Nicollet island, shot and instantly killed W. A. Darling, seventy-two-year-old veteran of the Civil war, and also attempted to shoot one of the policemen sent to arrest him.

He was caught after a man hunt lasting seven hours, in which fifty police in uniform, all of the detectives, the patrol wagon and a touring car had a part.

Gustavson was recently examined before Court Commissioner Bates of Hennepin county in insanity proceedings and was adjudged sane.

When the room of Gustavson was searched the police found a small armory. Among the property were two Krag-Jorgenson rifles of the magazine type, each capable of firing six shots, a Springfield rifle of an improved model, a box of ammunition, containing probably 150 cartridges, two keen bladed axes and three bayonets.

MIXED CANDY FATAL.

Winnipeg, March 24.—Following the eating of highly colored confectionery, commonly known as "mixed candy," three children of Hamilton Rodgers, a wealthy pioneer farmer of Kellher, Sask., George, aged seven; Fred, five, and Charles, two, died.

ALLEN AND SON MUST DIE

Virginians, Convicted of Murder, Lose Appeal.

Washington, March 24.—With the refusal of United States Supreme Justice White to review the convictions of Floyd Allen and his son Claude the last hope of these men to escape the death penalty for shooting up the Hillsville (Va.) county courthouse is taken away. The supreme court was the last resort, Governor Mann having refused to interfere in any way.

Chief Justice White said that he had reviewed all the papers in the case submitted by Allen's lawyers and that no constitutional question was involved sufficiently to allow an appeal. He therefore refused the writ of habeas corpus that had been asked. The decision of Justice White means that the two men must suffer the death penalty next Friday at Richmond, Va.

Took Her at Her Word. Harriet met Ethel one morning. "Do you know that every one is talking about the way you let Fred Mason kiss you on the lips yesterday?"

"Well," replied Ethel, "I couldn't help it."

"Couldn't help it?" exclaimed Harriet in surprise. "What do you mean?"

"Well, I was just feeling off," explained Ethel, "and he asked me if he could have just one kiss. I yelled 'Fore!' and he took them."—Detroit Free Press.

RUSSIA ADVISES STATE TO YIELD

HAS SERVED FIFTEEN YEARS

Governor McGovern Pardons Apparently Innocent Man.

Madison, Wis., March 24.—After the man had served fifteen years for a murder he did not commit Governor McGovern has granted a conditional pardon to William M. Fuller, sentenced from Dane county in 1898 to serve a life term in Waupun for the murder of an aged couple at Black Earth.

The crime for which Fuller was sentenced was a brutal one, but from the evidence it appears that William Bestor, who was found guilty at the same time and who received the same sentence, was the instigator of the deed and the actual murderer. Bestor has since died, but he made an affidavit that Fuller had no part in the murder.

Fuller's father and mother are now aged folk in the Soldiers' home in Waupaca and it is one of the conditions of his pardon that he support them.

ATROCITIES IN THE BALKANS

Montenegrins and Servians Accused of Inhuman Acts.

London, March 24.—Telegrams received here from Cattero and Cetinje show that unrestrained savagery and barbarism continue in Albania and the Montenegrins still perpetrate inhuman atrocities.

In the village of Schasschare, near Uskup, Servian soldiers have committed indescribable cruelties on the women, all the boys and men having been sent away.

Similar crimes have been committed by Servian soldiers at Letinaca, which, like Schasschare, is inhabited solely by Albanian Catholics.

In Karasaghi 290 farms were burned by Mohammedan Albanians and all the males who did not flee at the time were shot down by soldiers in the villages. In all 238 men were slain.

FORMER ST. PAUL MAN DEAD

John Dean Browne Expires Suddenly in Hartford, Conn.

Hartford, Conn., March 24.—John Dean Browne, for thirty-three years president of the Connecticut Fire Insurance company, died suddenly at his home here of apoplexy, aged seventy-five.

In his early life he was a resident of St. Paul, Minn., and enlisted in the Second regiment, Minnesota volunteers at the outbreak of the Civil war. He had the honor of carrying the first electoral vote from Minnesota to Washington. It was for Abraham Lincoln.

MYSTERY IN FOUR DEATHS

Three Bodies Found in Cellar and One in Shed.

Glassboro, N. J., March 24.—Lying in the cellar of their ruined home the bodies of Lee Wharton, thirty-eight years old, his wife, Mary, thirty-two, and their six-year-old daughter Lillian were discovered after a mysterious fire which destroyed the little farmhouse about ten miles from here.

The body of Johnson Hemphill, forty-two years old, a farmhand on a neighboring farm, was found in a shed behind the house with a load of shot through his heart.

Mystery surrounds the four deaths.

King George's Funeral March 30. Athens, March 24.—The funeral of the late King George, it is officially announced, will take place March 30.

Urges Montenegro to Accede to Austrian Demands.

VIENNA ISSUES ULTIMATUM

Italy Takes Similar Action Regarding Civil Population of the Besieged City of Scutari Being Allowed to Leave, but Does Not Express Any Threat in Event of Refusal.

London, March 24.—Austria delivered at Cetinje a thinly veiled ultimatum to Montenegro threatening that if the civil population of Scutari were not allowed to leave the city the dual monarchy would take coercive measures for compliance with its wishes.

Italy took similar action, but without expressing any threat, and Russia, the friend of Montenegro, advised the Montenegrin government to accede to Austria's demand.

Austria is sending a steamer to Scutari, evidently expecting that this, her second request for the release of the civilians, will not be refused and has also made clear what she requires in connection with the other incidents of the dispute between the two countries.

In a previous note, which was couched in threatening terms, Austria also demanded that all Catholics and Mohammedans in Jakova and the surrounding district who have been converted, concealed since the Montenegrin occupation, must be restored to their former faith.

Montenegro Denies Compulsion.

With a view to proving that the conversions in question were not attended by any compulsion Montenegro replied that she proposed to appoint a commission, on which, besides the Montenegrin members, there should also be one representative of Austria and another of Italy or some other great power.

Montenegro at the same time stated that she could not allow the sovereign right of Austria to be exercised in territory occupied by Montenegro. Austria refused to accept the answer to this note on the ground that it was not seemly.

In government circles here the conviction is expressed that Austria refused, not on account of the form of the reply, but because of its contents.

The official journal publishes a communication in which it is stated that the Catholics and Mohammedans of Ipek and Jakova expressed the wish to join the orthodox church, but were dissuaded by the Montenegrins, who advised them to exercise patience. The movement spread, however, as the people were unable to understand why they should not return to the old faith, of which they had preserved the usages. When they repeated the demand their wish was granted.

Reason for Arresting Priest.

The priest Palic, the communication explains, was arrested for inciting the Albanians against Montenegro. He was being taken to Ipek for trial when he attempted to escape and was shot.

In the meantime the representatives of the powers at the Balkan capitals are busy submitting to the governments of the allies a note suggesting terms as a basis for peace. The note has not yet been presented to Turkey, as one of the ambassadors has failed to receive his instructions. The allies have been consulting with regard to the note and the public and press of the Balkan states do not receive the suggestions with any favor.

News from Montenegrin headquarters indicates that King Nicholas believes the fall of Scutari is imminent. He is in command of the combined Servian and Montenegrin army, numbering 52,000. From the same source it is reported that the city has already been partly destroyed, all the large buildings having been damaged. Famine prevails and it is reported that many Austrians and Italians have been killed.

WOULD LET BRITAIN DO IT

McAdoo Thinks American Iceberg Patrol is Not Needed.

Washington, March 24.—The United States probably will not patrol the North Atlantic steamship lane for icebergs, in view of the action of the British board of trade and British steamship interests in sending the whaler Scotia for the patrol.

The New York maritime exchange strongly urges the treasury department to assign the revenue cutters to the work, but Secretary McAdoo thinks the British action sufficient.

ADMITS HE HAS DECLINED

Dr. Eliot Sent Refusal to Wilson Several Days Ago.

Cambridge, Mass., March 24.—Dr. Charles W. Eliot, president emeritus of Harvard, said it was true he had declined the post of ambassador to Great Britain.

While he would not give his reasons for declining he said it was not on account of his age, the condition of his health or financial considerations.

Dr. Eliot's letter regretting his inability to serve was sent to President Wilson several days ago.

Tolerance.
George Elliot was once asked what was the chief lesson she had learned in life's experience, and her prompt answer was, "Tolerance." It might have been expected from a woman who once said that she regarded life as a game of cards in which she watched each move with the deepest interest and turned as far as possible to her own advantage.

VANDAL INJURES MONUMENTS

Shafts on Gettysburg Field Attacked With a Hammer.

Eight monuments on the Gettysburg battlefield were badly damaged recently by a vandal who used a heavy hammer for his destructive work. The monuments which suffered were the Fifth corps headquarters, Forty-ninth and Ninety-sixth Pennsylvania, Fortieth New York, Grant's Vermont brigade, Sixth Maine, Fifth Wisconsin and Thirty-seventh Massachusetts. It is believed the work was done by some one disappointed in seeking employment in the national park.

Where Many Have Grown Lax.
General Grant used to lay great stress on what he called the "go-off." It is an important thing, the keynote of the day's work often thus being set. If on arrival at the store instead of putting your stock in proper order to sell you discuss last night's "good time" with your neighbor the chances are you will fool away the whole day. But if you start right you will probably keep right. As at first minutes are bent so awing the hours.

But, whether you agree to this or not, your daily rule should be to put your stock in order as soon as you reach the store. At once doesn't mean fifteen minutes after arrival, but immediately.—Philadelphia Ledger.

Where Many Have Grown Lax.
General Grant used to lay great stress on what he called the "go-off." It is an important thing, the keynote of the day's work often thus being set. If on arrival at the store instead of putting your stock in proper order to sell you discuss last night's "good time" with your neighbor the chances are you will fool away the whole day. But if you start right you will probably keep right. As at first minutes are bent so saving the hours.
But, whether you agree to this or not, your daily rule should be to put your stock in order as soon as you reach the store. At once doesn't mean fifteen minutes after arrival, but immediately.—Philadelphia Ledger.

COUNCIL DEBATES STONER PROPOSITION

Rate 2 and 3-4 Cents a Kilowatt
First Million and 2 Cents for
all in Excess

PUMPING 2c FOR 1,000 GALLONS

Stoner's Option Expires May 1—
Council Continues Consideration
To April 21 Meeting

All members of the city council and the water and light board as well as many citizens were present at the special meeting of both bodies Saturday evening.

Mr. Stoner's proposition of taking over the National Heat Light & Power Co. plant and offering to furnish Brainerd current at 2 and 3-4 cents a kilowatt for the first million kilowatts used and 2 cents for all in excess was considered by the council.

Alderman Fogelstrom considered the price too high. He did not wish any action taken at present. He reasoned that the council had the whole month of April to consider it in.

Commissioner Mahlum said the city used approximately 762,000 kilowatts last year.

Secretary Wm. Nelson of the water and light board said the city had never solicited for new business. All had been supplied with light who had petitioned for it. There was, however, a field for the extension of electric service and that was the electric sign business.

Mr. Nelson said further, in reply to Alderman Elder's question, that probably two dozen electric signs could be placed.

Commissioner Mahlum said that a 25 per cent increase would make the city's consumption of current equal 1,000,000 kilowatts.

There was some discussion about the present contract with the Toltz people.

City Attorney Ryan said the courts were here to determine the validity of the contract.

Alderman Henning maintained that giving Mr. Stoner the contract at the increased rate would mean \$38,000 of the peoples money given for the extra rate over what is charged at the present.

Alderman Purdy: "One man has lost a lot of money on 2 and 1-8 cents. Do you want to get another into it?"

Alderman Rowley considered it better to enter into the new rate than into a long drawn out lawsuit. The light the past two months had been pretty good. There was not as much cause for annulling the contract now as existed four months ago. "Why wasn't it annulled then?" asked an alderman.

"We talked it over at the time," said Mr. Rowley. "But we did not wish to throw the city into darkness." "You would throw the city into darkness at the present time if you sought to annul the contract," said Alderman Webb.

Alderman Elder said he was willing to pay a reasonable compensation for power that was dependable, but from the best information he could secure no plant except a waterpower plant could make money at 2 and 1-8 cents a kilowatt.

He asked Mr. T. Dunn if the Toltz company was losing at 2 and 1-8 cents.

"The company keeps its own expense accounts," said Mr. Dunn. "The commission does not know. We do not know what it costs them."

Equipped with another unit the company could well supply every want in Brainerd, said Mr. Dunn. The plant was worked at full capacity the present time. There was no relief for the engines.

Commissioner Taylor said something should be done to give Brainerd better service, but he considered the Stoner rate high.

Commissioner Mahlum said he had talked with the former receiver of the plant and he said the plant could not play even in the summer. For the year there might be a small return on the investment. He believed the Toltz people had not properly managed the plant. Since the Minneapolis Steel & Machinery people took charge there had been much better service. The Toltz idea, he said, had been to have a cheap man in charge.

Alderman Henning made a motion to reject the Stoner offer, and was seconded by Alderman Anderson. The motion was not put at this time.

M. T. Dunn suggested putting in electric pumping and getting a proposal from Mr. Stoner to pump and his company to furnish electric pumps and the station, the rate to be so much a thousand gallons for the service rendered.

Alderman Rowley said the source of the water supply would have to be first decided before Mr. Stoner could bid intelligently.

Mr. Elder said Mr. Stoner and his

company had built the dam on the Crow Wing river and they very properly were entitled to some consideration. Mr. Stoner was the logical man to furnish the current. He asked Mr. Stoner to discuss the question.

Mr. Stoner said some of aldermen were figuring on what the city would lose if it accepted his offer and this was all based on the assumption that the Toltz people would continue giving current. Mr. Stoner had no faith in a gas producer plant. The proposition on the whole was a losing one. He could not afford to furnish current at 2 and 1-8 cents and give adequate service. He believed the business in Brainerd could be worked up to a million kilowatts a year. His plan to buy out Toltz offered a solution of the lighting difficulties of the city of Brainerd and would avoid litigation. He would have to spend \$5,000 for transformers and equipment and would have to extend his line to Brainerd. The contract, if he should get it, would be for the balance of the Toltz lease or eight years.

He offered to pump at 2 cents a thousand gallons, his company furnishing the pumps, station, etc. The city would have to build a stand pipe.

Keeping up the voltage in the city would alone result in an increased consumption of electric current. He figured there was a 35 per cent line loss in Brainerd due to old transformers, etc. It would take six weeks to get the transformers, it being necessary to install three 200 kilowatt transformers.

Alderman Henning objected to high rates.

A motion was made to defer consideration of the Stoner proposition to the second meeting in April, being April 21 and the motion carried, the council voting; Ayes, Elder, Fogelstrom, Purdy, Webb, Lagerquist and Rowley. Nays, Dieckhaus, Henning, Olson and Anderson.

Mr. Stoner figured out later that the city had paid \$9,773.09 last year for pumping 1,300,000 gallons a day and this made on average of 2 and 1-10 cents for a thousand gallons. His offer of 2 cents was a direct saving to the city.

It will be remembered that two years ago Mr. Stoner and others applied to the council for the power contract. Each stated what business he would bring into the town. Mr. Stoner did not get the contract, but he kept his word with other communities when he said he would create business.

The Stoner company, or the Cuyuna Range Power company as it is properly called, now furnishes with light and power Deerwood, Cuyuna, Crosby, Ironton and in the spring will furnish Barrows and Oreland, and also probably Riverton, Motley and Pillager. The company supplies the Pennington and other mines on the north range. At Blackduck Mr. Stoner has established a stove factory. At Deerwood a sawmill is in course of construction. At the Crow Wing river dam site employment was given to many men and teams. At Ironton he built a station. Giving Mr. Stoner an entrance into Brainerd, the mining situation and the growth of the city would soon render necessary the establishment of a large auxiliary power station. His company is a Crow Wing county concern and great benefit would accrue to Brainerd if he made this town his headquarters for the entire range.

The city now has the opportunity of adding an industry. The time is short. On May 1 the option expires. To gather the sentiment of the people, the Dispatch will make a canvass of many of its citizens and gather the peoples' opinion on the subject of having Mr. Stoner enter Brainerd.

Brainerd Musical Club
The regular meeting of the Brainerd Musical club Saturday afternoon was in charge of Mrs. Werner Hemstead. The opening numbers were two piano solos by Miss Florence Denny, rendered with clear expression and admirable tone effect. She responded to an encore, Coquette, by Rudolph Primil.

Miss Vivian Reilly's sweet soprano voice was heard to advantage in three songs, of which "Who'll Buy My Lavendar," was particularly pleasing. Mrs. Howard Ingersoll's piano solo, a composition of Charmade, who enthusiastically received. The interesting program was concluded by a baritone solo by Mr. S. F. Alderman whose singing is always appreciated. Miss Alderman played the accompaniments.

OMAHA CRUSHED BY AWFUL CYCLONE

Special to The Dispatch:

Chicago, March 24—Late reports from Omaha, struck by cyclone late Sunday afternoon, say that one hundred were killed and five hundred were injured. A large section of the residence district was wiped out. The governor has ordered the state troops to the city.

Onehundred men from the St. Cloud district of the Northwestern Telephone Exchange company have been ordered to Omaha to repair the damage to wires and stations created by the storm.

This takes from Brainerd the general crew which has been stringing wires between Brainerd and Motley and Brainerd and Fort Ripley.

Private messages received in Brainerd indicate that the loss of life may even total 1,100.

HUNDREDS KILLED AT OMAHA, NEB.

Special to Dispatch:

Chicago, March 24—Direct communication with Omaha by telephone at noon placed the number of cyclone victims at about one hundred, with more than three hundred injured. Block after block of residences were destroyed causing an immense property damage. Seven are dead and forty are injured at Council Bluffs Iowa, and fifteen are reported dead and scores injured at Terre Haute, Indiana.

BARROWS PLANS A COMMERCIAL CLUB

BUILDING BOOM IN BARROWS

Duluth and Northern Range People Investing Heavily in Barrows This Spring

Barrows, Minn., March 21—A Commercial club will be organized in a few days and much interest is being manifested in the future of this club. Nothing will do more to advance the growth of a town than a live commercial club and its success has been demonstrated in the experiences of Deerwood, Crosby, Cuyuna, Brainerd and other range towns.

Mr. Grande has also secured a contract for a beautiful residence and one that will be a credit to any city.

P. W. Rathbun of Bemidji, is going to start building at once, his stock of hardware and furniture has already been ordered and as soon as his building is completed he will open up with a complete line of goods.

John Grande is erecting a livery stable and will soon have a number of horses, etc., to engage in the livery business.

Mrs. Peter Sand will commence building a large boarding house in the near future.

Mrs. A. E. Anderson, from the southern part of Wisconsin, has moved to Barrows and purchased two lots and will build a rooming house in the spring.

Gust Norain, from Duluth, visited Barrows this week and feels very enthusiastic about the town and its growth. Mr. Norain already has lots in the town with buildings on them.

H. Stahl, of Fort Ripley, has moved to Barrows and will make his home here.

Mr. and Mrs. Geo. Whitehouse of Hibbing have rented one of the new residences built by the townspeople company and they expect to engage in business in the town.

John D. Giles left for Winona, Tuesday to bring relatives with him. He expects to build a residence early in the spring. Mr. Giles is in the saloon business in Barrows.

AT CONGREGATIONAL CHURCH

Large Congregation Gathered at the First Congregational Church on Easter Sunday

Surprisingly large congregations gathered at the First Congregational church on Easter day. At the morning services the church was packed and chairs were brought in to accommodate the people.

Rev. G. P. Sheridan gave one of his best efforts, taking as his theme, "Life Through Death." Mr. Alderman sang "The Resurrection" by H. Rowe, and the mixed quartet rendered the beautiful anthem "In the Dawn of Early Morning," by Shackley.

The evening service was well attended, the sermon dealing with "The Place of Music in the Bible." Special musical numbers were given by Ben Arnold, who sang in a masterly and pleasing manner. The ladies quartet gave the exquisite composition, "At the Close of Day," arranged from Verdi.

The day was a splendid illustration of loyalty to the church and a community interest in the joyful messages of Easter.

EASTER SERVICES IMPOSING

Rev. Father J. J. O'Mahoney Preached a Most Eloquent Sermon at St. Francis Catholic Church

The Easter services at St. Francis Catholic church were particularly imposing and sublime. Rev. Father J. J. O'Mahoney preached a most eloquent sermon, explaining the meaning of the "Resurrection of Christ" and what this season of the year should mean to each and every one in the regeneration of their spiritual purity.

Rev. Father John Crean celebrated the mass and the choir rendered most beautifully Millard's mass in G. For the past year or more Attorney C. A. Russell has labored indefatigably to get together the best talent the church affords and any one hearing the Easter music could judge how successful his efforts have been. Owing to the fact that Mr. Russell's legal duties called him from the city the past few weeks, William Vernon has had charge of the Easter music, with splendid results. Besides having soloists second to none the choir is particularly fortunate in its strong chorus work which formed such a fine background to the individual work.

The "Veni Creator" by Messrs. Vernon, McCarthy and Mraz was indeed beautiful. No less than twenty solos and duets were rendered. The following were the soloists: sopranos, Miss Eliza Armstrong, Miss Patti Hamelin; alto, Miss Vivian Reilly; tenors, Eugene McCarthy, William Vernon; basso, Al. Mraz. Mrs. Carl Brockway presided at the organ, assisted by William Graham, cornetist.

P. S. Taylor has been confined to the house the past week with the grippe.

Mr. and Mrs. Jos. Johnson were visiting at Juline's Tuesday.

Miss Eva Caughey of Daggett Brook, was visiting her sister Mrs. R. B. Thompson last week.

Harry Hughey was visiting Karl Taylor in Deerwood the first of the week.

Mr. and Mrs. C. Lafavor and children, were visiting at Skillings the first of the week.

Miss Caughey will hold state examinations in the school house next Monday and Tuesday, after which there will be a vacation the rest of the week.

Violet Sinclair, daughter of Wm. Sinclair of Brainerd, is spending her Easter vacation with her aunt, Mrs. S. Thomas.

Mrs. P. J. Albertsen was called to Bowls, Morrison county, Tuesday by the dangerous illness of her mother.

Mr. Gust Juline is still confined to his bed.

Wm. Thompson came home from Hubert last Wednesday where he has been working for the Johnson Bros. and Allston.

Mr. and Mrs. R. B. Thompson gave a St. Patrick party for Miss Maude Caughey, it being her birthday. The evening was spent in playing progressive crokinole, after which a dainty lunch was served and all went home wishing that some one would have another birthday soon.

Joe Lindsog is at home again from the hospital and seems to be much improved in health.

COUNCIL DEBATES STONER PROPOSITION

Rate 2 and 3-4 Cents a Kilowatt
First Million and 2 Cents for
all in Excess

PUMPING 2c FOR 1,000 GALLONS

Stoner's Option Expires May 1—
Council Continues Consideration
To April 21 Meeting

All members of the city council and the water and light board as well as many citizens were present at the special meeting of both bodies Saturday evening.

Mr. Stoner's proposition of taking over the National Heat Light & Power Co. plant and offering to furnish Brainerd current at 2 and 3-4 cents a kilowatt for the first million kilowatts used and 2 cents for all in excess was considered by the council.

Alderman Fogelstrom considered the price too high. He did not wish any action taken at present. He reasoned that the council had the whole month of April to consider it in.

Commissioner Mahlum said the city used approximately 762,000 kilowatts last year.

Secretary Wm. Nelson of the water and light board said the city had never solicited for new business. All had been supplied with light who had petitioned for it. There was, however, a field for the extension of electric service and that was the electric sign business.

Mr. Nelson said further, in reply to Alderman Elder's question, that probably two dozen electric signs could be placed.

Commissioner Mahlum said that a 25 per cent increase would make the city's consumption of current equal 1,000,000 kilowatts.

There was some discussion about the present contract with the Toltz people.

City Attorney Ryan said the courts were here to determine the validity of the contract.

Alderman Henning maintained that giving Mr. Stoner the contract at the increased rate would mean \$38,000 of the people's money given for the extra rate over what is charged at the present.

Alderman Purdy: "One man has lost a lot of money on 2 and 1-8 cents. Do you want to get another into it?"

Alderman Rowley considered it better to enter into the new rate than into a long drawn out law suit. The light the past two months had been pretty good. There was not as much cause for annulling the contract now as existed four months ago.

"Why wasn't it annulled then?" asked an alderman.

"We talked it over at the time," said Mr. Rowley. "But we did not wish to throw the city into darkness."

"You would throw the city into darkness at the present time if you sought to annul the contract," said Alderman Webb.

Alderman Elder said he was willing to pay a reasonable compensation for power that was dependable, but from the best information he could secure no plant except a waterpower plant could make money at 2 and 1-8 cents a kilowatt.

He asked M. T. Dunn if the Toltz company was losing at 2 and 1-8 cents.

"The company keeps its own expense accounts," said Mr. Dunn. "The commission does not know. We do not know what it costs them."

Equipped with another unit the company could well supply every want in Brainerd, said Mr. Dunn. The plant was worked at full capacity the present time. There was no relief for the engines.

Commissioner Taylor said something should be done to give Brainerd better service, but he considered the Stoner rate high.

Commissioner Mahlum said he had talked with the former receiver of the plant and he said the plant could not play even in the summer. For the year there might be a small return on the investment. He believed the Toltz people had not properly managed the plant. Since the Minneapolis Steel & Machinery people took charge there had been much better service. The Toltz idea, he said, had been to have a cheap man in charge.

Alderman Henning made a motion to reject the Stoner offer, and was seconded by Alderman Anderson. The motion was not put at this time.

M. T. Dunn suggested putting in electric pumping and getting a proposal from Mr. Stoner to pump and his company to furnish electric pumps and the station, the rate to be so much a thousand gallons for the service rendered.

Alderman Rowley said the source of the water supply would have to be first decided before Mr. Stoner could bid intelligently.

Mr. Elder said Mr. Stoner and his

company had built the dam on the Crow Wing river and they very properly were entitled to some consideration. Mr. Stoner was the logical man to furnish the current. He asked Mr. Stoner to discuss the question.

Mr. Stoner said some of aldermen were figuring on what the city would lose if it accepted his offer and this was all based on the assumption that the Toltz people would continue giving current. Mr. Stoner had no faith in a gas producer plant. The proposition on the whole was a losing one. He could not afford to furnish current at 2 and 1-8 cents and give adequate service. He believed the business in Brainerd could be worked up to a million kilowatts a year. His plan to buy out Toltz offered a solution of the lighting difficulties of the city of Brainerd and would avoid litigation. He would have to spend \$5,000 for transformers and equipment and would have to extend his line to Brainerd. The contract, if he should get it, would be for the balance of the Toltz lease or eight years.

He offered to pump at 2 cents a thousand gallons, his company furnishing the pumps, station, etc. The city would have to build a stand pipe.

Keeping up the voltage in the city would alone result in an increased consumption of electric current. He figured there was a 35 per cent line loss in Brainerd due to old transformers, etc. It would take six weeks to get the transformers, it being necessary to install three 200 kilowatt transformers.

Alderman Henning objected to high rates.

A motion was made to defer consideration of the Stoner proposition to the second meeting in April, being April 21 and the motion carried, the council voting: Ayes, Elder, Fogelstrom, Purdy, Webb, Lagerquist and Rowley. Nays, Dieckhaus, Henning, Olson and Anderson.

Mr. Stoner figured out later that the city had paid \$9,773.09 last year for pumping 1,300,000 gallons a day and this made on average of 2 and 1-10 cents for a thousand gallons. His offer of 2 cents was a direct saving to the city.

It will be remembered that two years ago Mr. Stoner and others applied to the council for the power contract. Each stated what business he would bring into the town. Mr. Stoner did not get the contract, but he kept his word with other communities when he said he would create business.

The Stoner company, or the Cuyuna Range Power company as it is properly called, now furnishes with light and power Deerwood, Cuyuna, Crosby, Ironton and in the spring will furnish Barrows and Orelund, and also probably Riverton, Motley and Pillager. The company supplies the Pennington and other mines on the north range. At Blackduck Mr. Stoner has established a stove factory. At Deerwood a sawmill is in course of construction. At the Crow Wing river dam site employment was given to many men and teams. At Ironton he built a station. Giving Mr. Stoner an entrance into Brainerd, the mining situation and the growth of the city would soon render necessary the establishment of a large auxiliary power station. His company is a Crow Wing county concern and great benefit would accrue to Brainerd if he made this town his headquarters for the entire range.

The city now has the opportunity of adding an industry. The time is short. On May 1 the option expires. To gather the sentiment of the people, the Dispatch will make a canvass of many of its citizens and gather the peoples' opinion on the subject of having Mr. Stoner enter Brainerd.

Brainerd Musical Club

The regular meeting of the Brainerd Musical club Saturday afternoon was in charge of Mrs. Werner Hemstead. The opening numbers were two piano solos by Miss Florence Denny, rendered with clear expression and admirable tone effect. She responded to an encore, Coquette, by Rudolph Friml.

Miss Vivian Reilly's sweet soprano voice was heard to advantage in three songs, of which "Who'll Buy My Lavendar," was particularly pleasing. Mrs. Howard Ingersoll's piano solo, a composition of Charmade, who enthusiastically received. The interesting program was concluded by a baritone solo by Mr. S. F. Alderman whose singing is always appreciated. Miss Alderman played the accompaniments.

OMAHA CRUSHED BY AWFUL CYCLONE

Special to The Dispatch:

Chicago, March 24—Late reports from Omaha, struck by cyclone late Sunday afternoon, say that one hundred were killed and five hundred were injured. A large section of the residence district was wiped out. The governor has ordered the state troops to the city.

One-hundred men from the St. Cloud district of the Northwestern Telephone Exchange company have been ordered to Omaha to repair the damage to wires and stations created by the storm.

This takes from Brainerd the general crew which has been stringing wires between Brainerd and Motley and Brainerd and Fort Ripley.

Private messages received in Brainerd indicate that the loss of life may even total 1,100.

HUNDREDS KILLED AT OMAHA, NEB.

Special to Dispatch:

Chicago, March 24—Direct communication with Omaha by telephone at noon placed the number of cyclone victims at about one hundred, with more than three hundred injured. Block after block of residences were destroyed causing an immense property damage. Seven are dead and forty are injured at Council Bluffs Iowa, and fifteen are reported dead and scores injured at Terre Haute, Indiana.

DYKEMAN DOINGS

A. C. Love is harvesting his ice. August James bought a fine Holstein bull from Dr. J. L. Camp of Brainerd.

Mrs. James Chrysler is improving slowly.

Mrs. Ben Ressler of St. Cloud came up in response to a telephone call that her mother, Mrs. G. R. McGee, whose home is with her daughter, Mrs. F. H. Davis, was very sick.

F. W. Sleeper, of Brainerd, representing the Melrose marble works of Melrose, was here several days of this week. He sold several nice markers and monuments.

There will be a dance at Love's hall March 29 for the benefit of the baseball team. If you don't come you will miss a good time. Dykeman has the best ball team in Crow Wing county outside of the city of Brainerd (Crosby and Cuyuna papers please copy.) Come to the dance and have the time of your life. At the same time help out the boys.

While J. J. Crowell was returning from Brainerd Monday he met an automobile at the Grave Lake mill. The horse, not being an admirer of the horseless carriage, took to the tall timber and succeeded in standing the driver on his head and scattering the outfit over something less than an acre of ground. The car was promptly stopped and Dr. Skora appeared on the scene ready and willing to render all assistance in his power. A brief examination showed that there was nothing for an M. D. to do, so he turned in and soon proved his ability in the manipulation of wire and strings to patch up the Crowell cart and soon both proceeded peacefully on their way none the worse for the encounter.

THE VERY FIRST RESURRECTION

The Distinction Between Jesus' Resurrection and All Others.

Easter Sunday's New Meaning—Pastor Russell Shows Scripturally the Difference Between Awakening the Dead and Resurrecting the Dead—Several Were Awakened Before Jesus, but He Was the First Resurrected—The Church's Resurrection—The Subsequent Resurrection of the World.

PASTOR RUSSELL

St. Louis, Mo., March 23.—Pastor Russell spoke twice here today. We report his address on the Resurrection, from the text, "He should be the first that should rise from the dead."—Acts 26:23.

With startling clearness the speaker pointed out that Jesus' resurrection was the very first, as the text declared. He led his hearers back to Eden, and let them hear the Divine penalty for sin—"Dying thou shalt die." He showed that this dying process operated in Adam for nine hundred thirty years before its action was complete. Adam's children, humanity, never had Adam's original perfection; for they were fallen at the time of birth. On this subject both Old and New Testament agree.

Next the Pastor showed that the Greek word *anastasis*, translated resurrection, means a raising up again—the word again implying a former standard. That standard is the image and likeness of God, which none of Adam's children have fully possessed.

"Not Possible to Be Helden."

St. Peter declares that it was not possible for death to hold Jesus. (Acts 2:24) He was perfect. It was the Father's will that Jesus should demonstrate His obedience even unto death. Hence it was not possible for Jesus to remain under the power of death, and God raised Him on the third day.

Jesus was perfect on the spirit plane, before He exchanged the spirit nature for the human, to become man's Redeemer. He never forfeited His right to life. He merely laid it down in proof of His loyalty to the Father's will. Hence His resurrection meant His resuscitation in perfection. But it was not God's will that He should return to perfection of human nature; for He had used that nature for the purpose intended. He was raised from the power of death to the very highest plane; namely, the Divine nature.

The Pastor asked his audience to contrast Jesus' resurrection with the awakening of Jairus' daughter; the widow of Nain's son; Lazarus; the brother of Mary and Martha; or any of the awakenings recorded in the Old Testament. These were nothing more than mere awakenings from the sleep of death. They were not, therefore, resurrections.

The resurrection of any of these sleeping ones would have meant much more than was accomplished in them. It would have meant their restoration to the full image and likeness of God, lost in Eden. As it was, the awakened ones merely had the advantage of a few more years in the present life, and then fell asleep again, to await the glorious Day of Messiah's Kingdom.

The First (Chief) Resurrection.

The Pastor made it clear that the Church of Christ consists of the truly consecrated in all denominations and some outside of denominational fences, which are barriers not authorized by Scripture. He quoted Philippians 3:10 and other Scriptures which show that these true Christians are to have a share with Jesus in His Resurrection. The inherited blemishes of these are covered through the merit of Jesus, thus justifying them. This justification permits their being accepted of God as His children.

The Pastor seemed to give the thought that in the Divine Purpose a foreordained number of the Church class must suffer with Christ before the Millennium begins. Their sufferings are not vicarious, as were Jesus', nor necessary for the redemption of the world, as were our Lord's. The sufferings are necessary to prove their loyalty to God, and to demonstrate their worthiness of joint-heirship with Jesus. The Church's suffering is the dying to earthly conditions and ambitions, as did Jesus. His faithful followers will experience a similarly glorious resurrection to a higher nature—the Divine.

Easter and the Passover.

Pastor Russell says that the word Easter occurs only once in our Common Version Bible, and is a mistranslation. It should be rendered Passover. Easter was a heathen festival honoring the goddess of Spring. The name was transferred to the Passover celebration of the early Church, in honor of our Lord's Resurrection.

Whatever the word originally meant, it stands now as a synonym for the glorious resurrection of the world's Redeemer from death and from human nature to glory, honor and immortality—the Divine nature. The resurrection of Jesus is the guarantee for the resurrection of "the Church, which is His Body." It also assures us of the world's resurrection—that an opportunity for everlasting life will be given to all through Messiah's Kingdom.

REAL SUCCESS.

Success is not so much a matter of achievement as it is a matter of rectitude. The man who is worthy to succeed has already succeeded, for in the end virtue is the only success and lack of it the only failure, and nothing, after all, is success which leaves a man at enmity with his conscience.—M. Franklin Ham.

GAS, SOURNESS and INDIGESTION VANISH

Just as Soon as "Pape's Diapiesin" Comes in Contact With the Stomach all Distress is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid, head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapiesin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

What Ailed the Speech.

At the close of one of the sessions in the trial of Warren Hastings when most of those engaged had gathered in the anteroom Dr. Parr stalked up and down the room in his pedantic, pompous way, growling out praises of the speeches of Fox and Sheridan, but saying not a word about Burke's. Burke, sensitive at this omission and anxious for some commendation from the great authority, could at last contain himself no longer and burst out: "Doctor, didn't you like my speech?" "No, Edmund," replied Dr. Parr, calmly eying his excited questioner. "Your speech was oppressed with metaphor, dislocated by parentheses and debilitated by amplification."

Detrimental Suggestiveness.

"I see you have disposed of that fine horse you bought from the city."

"Yes," replied the regretful milkman; "he hurt my business. He had been used for pulling a sprinkling cart and stopped at every hydrant."—Judge.

HOW TO CUT DOWN LIVING EXPENSES

Any Brainerd family can make a big saving and also be much healthier by eating the deliciously appetizing "Minnesota" Spaghetti at least twice each week in place of meat.

"Minnesota" Spaghetti is four times as nutritious as beef-steak and yet costs only about one cent a dish.

It contains more proteins than most foods and is therefore more strength giving and less fattening.

It is fine for children—making their bodies strong and healthy. And they are very fond of its rich, native flavor.

Insist on getting the genuine "Minnesota" Spaghetti, made from the VERY BEST DURUM wheat with ALL the wonderfully nourishing Gluten left in.—Adv.

Easter was a heathen festival honoring the goddess of Spring. The name was transferred to the Passover celebration of the early Church, in honor of our Lord's Resurrection.

Whatever the word originally meant, it stands now as a synonym for the glorious resurrection of the world's Redeemer from death and from humanity to glory, honor and immortality—the Divine nature. The resurrection of Jesus is the guarantee for the resurrection of "the Church, which is His Body." It also assures us of the world's resurrection—that an opportunity for everlasting life will be given to all through Messiah's Kingdom.

REAL SUCCESS.

Success is not so much a matter of achievement as it is a matter of rectitude. The man who is worthy to succeed has already succeeded, for in the end virtue is the only success and lack of it the only failure, and nothing, after all, is success which leaves a man at enmity with his conscience.—M. Franklin Ham.

GAS, SOURNESS and INDIGESTION VANISH

Just as Soon as "Pape's Diapiesin" Comes in Contact With the Stomach—ach all Distress is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapiesin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

What Ailed the Speech.

At the close of one of the sessions in the trial of Warren Hastings when most of those engaged had entered in the anteroom Dr. Parr stalked up and down the room in his podiatric, pompous way, growing out praises of the speeches of Fox and Sheridan, but saying not a word about Burke's. Burke, sensitive at this omission and anxious for some commendation from the great authority, could at last contain himself no longer and burst out:

"Doctor, didn't you like my speech?"

"No, Edmund," replied Dr. Parr, calmly eyeing his excited questioner. "Your speech was oppressed with metaphor, dislocated by parentheses and debilitated by amplification!"

Detrimental Suggestiveness.

"I see you have disposed of that fine horse you bought from the city."

"Yes," replied the regretful milkman; "he hurt my business. He had been used for pulling a sprinkling cart and stopped at every hydrant."—Judge.

CERTIFICATE OF INCORPORATION OF

First State Bank of Barrows

Know all men by these presents, That we have agreed to, and do hereby associate ourselves together as a Banking Corporation, under and pursuant to the provisions of the Laws of the State of Minnesota governing Banks of Discount and Deposit; and to that end we do hereby execute under our hands and seals the following Certificate of Incorporation, to-wit:

THE name of this corporation shall be the First State Bank of Barrows. The general nature of its business shall be banking, receiving deposits, buying, selling and discounting notes, bills and other evidences of debt, domestic and foreign, dealing in gold and silver bullion and foreign coins, issuing circulating notes and loaning money on real estate and personal security; and the place where the business of this corporation is to be carried on is Barrows, in Crow Wing County, Minnesota.

Said corporation shall commence on the Fifteenth day of March, A. D. 1913, and shall continue for the period of thirty years.

THIRD. The names and places of residence of the Incorporators, and the number of shares held by each of them are as follows: John P. Ernster, Minneapolis, Minn., Twenty (20); Rudolph C. A. G. TROMMALD, Register of Deeds.

GRUMBLING.

Do not become a grumbler nor despondent. What can be more base and unworthy than the pining, mumping mood, no matter by what outward ills it may have been engendered? What is more injurious to others, what less helpful as a way out of a difficulty?

Blowing Up a Storm.

"You know you told me it would be a terrible blow to you if I rejected you."

"I know it, and so you married me. And that was a worse blow."—New Orleans Times-Democrat.

HOW TO CUT DOWN LIVING EXPENSES

Any Brainerd family can make a big saving and also be much healthier by eating the deliciously appetizing "Minnesota" Spaghetti at least twice each week in place of meat.

"Minnesota" Spaghetti is four times as nutritious as beef-steak and yet costs only about one cent a dish. It contains more proteins than most foods and is therefore more strength giving and less fattening.

It is fine for children—making their bodies strong and healthy. And they are very fond of its rich, nut-like flavor.

Insist on getting the genuine "Minnesota" Spaghetti, made from the VERY BEST DURUM wheat with ALL the wonderfully nourishing Gluten left in.—Advt.
